

Natural 18/12 Fish Oil: Taste the Difference

With more fish oil choices than ever before, consumers are searching for safe, palatable omega-3 fish oils. Bioriginal meets this need with Natural 18/12 Fish Oil; offering a milder flavor and aroma than before, with guaranteed purity.

Superior Flavor and Aroma

- Bioriginal's refined Natural 18/12 was overwhelmingly preferred over molecularly distilled 18/12 Fish Oil in blind in-house taste tests.
- Natural 18/12 Fish Oil undergoes a gentle deodorization process which reduces the fishy flavors and aromas found in molecularly distilled fish oils.
- Bioriginal's proprietary refining process guarantees a mild tasting fish oil.
- Natural Lemon Flavor added to oil.

Purity Starts with the Source

- Natural 18/12 Fish Oil contains oil only from nature's smallest oily fish, ensuring it is exposed to less harmful contaminants than larger species.
- These small species are harvested from the pristine waters off the coast of Peru, utilizing environmentally friendly practices and stringent harvest controls.
- Therefore, Bioriginal's Natural 18/12 Fish Oil is an environmentally responsible, pure product.

Guaranteed Purity and Potency

- Natural 18/12 Fish Oil is manufactured according to current Good Manufacturing Practices (cGMP) in an ISO9000 approved facility.
- Bioriginal quality standards exceed the GOED's voluntary Omega-3 monograph, and are compliant to Proposition 65.*
- Every lot is third party tested according to AOCS international protocols to ensure oil quality and potency.
- Further independent tests confirm Natural 18/12 Fish Oil exceeds industry standards for dioxins, PCBs, and heavy metals including mercury.
- Bioriginal's Natural 18/12 oil is guaranteed to meet international standards for purity and potency.

*Discuss doses for Proposition 65 Compliance with your sales representative

Natural Oil Form

Unlike molecularly distilled oils, Bioriginal's Natural 18/12 Fish Oil is cleansed through a gentle refining process which ensures the natural form of the oil is maintained.

Taste the Difference

Contact your sales representative now to experience the milder flavor and aroma of Bioriginal's Natural 18/12 Fish Oil.

Standard Specifications:

Ingredients:

Fish Oil 1812TG (from anchovy, sardines, mackerel) with Non-GMO, IP Mixed Tocopherols

Fatty Acid Claims per serving:*

Fatty Acid	Claim
Total Omega-3.....	min 300 mg
Eicosapentaenoic Acid (EPA).....	min 160 mg
Docosahexaenoic Acid (DHA).....	min 100 mg

*natural variation is expected for active claims

This Product is Free From:

Artificial Color, Artificial Flavour, Corn, Gluten (wheat), Sodium, Lactose (dairy), Yeast, Sugar, Tree Nuts, Peanuts, Sesame, Eggs, Artificial Preservatives, Crustacean Shellfish, Animal Derivatives

This Product Contains:

Soy¹, Fish²

1. Fish oil contains Vitamin E derived from soy.
2. This product contains fish body oil (sardine, anchovy)

Shelf Life:

Bioriginal will guarantee quality/stability of finished product for 12 months from date of manufacture provided the bottle is properly sealed and the product is stored at temperatures not greater than 25°C (77°F).

Packaging/Storage:

- Available in 190 kg Drum
- Store in a cool, dry place.

Applications:

- Skin care
- Sport Nutrition
- Dietary Supplement
- Food Product Enrichment
- Preventive and Therapeutic Program

Typical Nutritional Values (per gram)

Total Calories	
Calories from Fat	9
Calories from Protein	9
Calories from Carbohydrates	0
Total Fat	1 g
Saturated Fat	0.3 mg
Polyunsaturated Fat	0.4 mg
Monounsaturated Fat	0.3 mg
